The names for the four major islands are, hokkaido, honshu, shokiku, and kyushu! Japanese cultures include, wearing traditional kimonos, sitting on mats to eat, having natural beauty, and finally, having great food!

Anime - nyah and lily

Anime is a Japanese type of cartoon/animation that people make with computers and drawing pads. Japan calls it Anime because they couldn't say "mation." Anime is now a tradition all over the world. We even have people make anime all over the world. Before animes are made they mostly make mangas before the anime is made by the creators. Anime is enjoyed by many people. As of Nyah and Lily!

One of the many Japanese delicacies are a food called natto, they're are beans that are slimy and dirty, people say the smell is like dirty old socks, natto can be eaten with eggs or just in the morning, another strange delicacy is a food called shirako, it's a fancy name for an animal's reproductive organ, it can be steamed, pan fried or deep fried then it's mostly served with sushi. I saved this one for last because of how disgusting it is, Tuna eyes. They're mostly served with rice and soy sauce, people say the tuna eye tastes like squid.

Korean Culture - lily

우리는당신에게한국어문화에대한놀라운사실을보여줍니다!

A big part in korea is the traditional clothing which dates back to the Three Kingdoms Period which is (57 B.C.- 668 A.D.)

The top part of the clothing is called jeogori which is blouse-like. (the woman's jeogori stopped at the bottom of her bust/breast and the men's stopped at the waist)

the women wore a skirt called skirt which went down to her feet while the men wore baggy pants called paji.

A close-up photograph of a white plate filled with sliced squid. The squid is cut into various shapes, including rings and strips, showing its characteristic reddish-brown skin and pale, tender flesh. In the bottom left corner, there is a small glass bowl containing a dark, reddish-brown dipping sauce with visible chili flakes. The background is a plain, light-colored surface.

Korean Delicacies - Lily

One of Korea's many delicacies is the Cow's Digestive system eating the delicacy helps with protein and energy that you need. Also upon eating this delicacy each stomach tastes different. Eating raw squid in South Korea is very popular and is considered a delicacy!

Another delicacy is the Deadly Blowfish Soup it's like the Japanese delicacy fugu only in Korea they make it into a soup with other sea foods. Only if not prepared right this delicacy could give you asphyxia which means when your body lacks oxygen and could make you unconsciousness or suffocation which would kill you.

Chinese delicacies - Alan

One of many delicacies of China is a disgusting and strange one, the nickname is 1,000 year old egg, the egg is placed in salt and clay and is buried for seven months, then it's taken out and eaten in birthdays and weddings. 1,000 year old egg is seen as a chinese delicacy. Also, chinese eat huge cockroaches on sticks for certain celebrations! sound delicious doesn't it? Some parts of china eat spiders and humungous crickets and they say it tastes really good!

Philippine Culture elias

things about the Philippines

Food is a very odd thing in the Philippines. If it does not have rice in it, it is NOT considered a meal. The trading there is mainly using bananas, rice, cashews, pineapples, mangoes, and any type of product that is coconut. While families prefer males there, they still provide care for females in the household, because they can provide money, and a house to their parents when they get to a very old age in life.

I wish i could write more because some of this stuff is VERY interesting, but i'm kinda running out of space to write all of it down. Why won't you look it up yourself? You lazy people?!

Philippine delicacies - elias

Balut: This one's pretty messed up. It's the one you see on the screen right now. It's a duckling about to hatch, but cooked.

Dinuguan: It's pig insides. Shnasty.

Crispy Pata: It's pig knuckles. What the heck?

La paz batchoy: A noodle soup garnished with pig insides...

If you couldn't already tell, Filipino's LOVE pork...

Kalakalan Ang mayroong higit sa lahat gamit bananas, bigas, cashews , pinya, mangga, at anumang uri ng produkto na ito ay coconut. While pamilya perfer lalaki doon, ay nagbibigay pa rin sila ng pag-aalaga para sa mga babae sa sambahayan, dahil maaari silang magbigay ng pera, at isang bahay sa kanilang mga magulang kapag sila ay kumuha ng isang napaka-katandaan sa buhay.
