

# Excess tree- Chopping

By Alizah

(with the help of Abby, Justin, and CATE because I got  
lonely)

What is logging? - “logging is cutting down way too many trees”. Logging means the activity of business of felling trees and preparing the timber

OXYGEN IS MADE FROM TREES IF WE CUT TOO MANY DOWN WE WILL

Run out of oxygen and eventually die!(although, it would take quite a while to destroy the atmosphere.) I don't think you want to die do you? THEN STOP THE MAJOR CUTTING DOWN OF THE TREES!!

# THE NATURAL BEAUTY OF THE FOREST!

Yes it is very beautiful.  
Sometimes, when we log  
forests and jungles, they  
seldomly ever grow back!

# THE POOR ANIMALS THAT BECOME HOMELESS.

When the trees are cut down, owls, raccoons, and monkeys, etc. lose their homes and are forced to move away because of our shenanigans. 17 MILLION animals lose their homes each year because of illegal logging.

Illegal logging is the harvest, transportation, or purchase or sale of timber violation laws.

Logging is a composite problem while there are no silver bullet solutions at the moment.

# FOREST FIRES!

A photograph of a forest fire. The background is filled with bright orange and yellow flames consuming trees. In the foreground, a dark stream flows, and a small black dog is standing in the water, looking towards the fire. The overall scene is dramatic and somber.

Forests have a lot to go up against.  
This is also called deforestation does  
that seem fair to you? would you like to  
be dead? So think next time, before you  
swing that axe.

# SOME OF THE VAST REASONS THAT PEOPLE CUT DOWN TREES

Greed. “More more more money i don’t care how much of mother earth we hurt, I JUST want MONEY.” Does money rule your life? well it does for most loggers and major tree companies! and burn. that is where you cut down tree and burn it, don’t even plant a new tree to grow in its place!Big time Loggers get paid \$20.49 per hour and make \$47,640. per year!

Fun Fact  
Did you know that money is made out of cotton?

# BE THE FOREST FRIENDS

Help us to save the trees we love. Speak for the trees not the money. Save the poor animals homes you're ruining. Please!

**SO BE LIKE THE LORAX. SPEAK FOR THE TREES!**

UNLESS  
SOMEONE LIKE YOU  
CARES A WHOLE  
AWFUL LOT,  
NOTHING IS GOING  
TO GET BETTER.  
IT'S NOT.

THE LORAX

# THE END

# This girl made it too!

Alizah and Cate  
were the only  
ones who were  
actually  
enthusiastic  
about it... (not really)

**AND CATE FOR MORAL SUPPORT!**
